Location:

Kharkiv, Ukraine

Skils:

Programming languages/Technologies
- Python
- Git
- MySQL/MariaDB

Libraries
- Pandas/NumPy
- subprocess

Hobby
- Guitar

- Wu-shu

Personal statement

Focused on results. High level of motivation. I'm serious about the order in the documents/documentation.
I like clear definitions. I do everything to ensure that fuzzy formulations or any conclusions turn into clear and understandable ones.

I work in trade today and plan to work in IT. This industry is more interesting for me. I enjoy coding, solving logical problems, working with data.

Projects

Programs and scripts to automate routine workflows
